

James and Kelly

Hello,

Thank you for taking the time to look through this book and learn a little about our family. Your courage and selflessness in exploring adoption for your child is an inspiration to us. We have been and will be praying for you throughout this difficult process.

If you choose adoption for your child, we would be honored if you would consider us as potential adoptive parents. We are both very excited to grow our family. In these pages, we will try to give you a look into our lives and personalities so you can get to know us both a little better.

Should you choose us, we promise to love your child unconditionally and to provide a safe and nurturing home. Our community and family are looking forward to meeting them. We will do everything in our power to give them the best opportunities in life.

James and Kelly

James

James, is a loving, Catholic, manly man.

His personality is a great mix of intelligence, humor, and humility. James works very hard as a doctor to provide for us. He works one week on and one week off and can be flexible with his schedule. Two things that are very important to him are our local community and our shared faith. He is good at cooking, is an avid reader, a quick learner, has recently started crafting using a 3D printer. Every day he makes time to pray as a family and attend church every week.

Kelly

Kelly is a very patient, loving, and faithful person. She always puts others first and works hard to ensure the people around her succeed. Two of her passions are tea and music. Kelly also enjoys baking, hiking, animals, travel, and gaming as well. Kelly is trained as a special education teacher and currently works as a Title One Tutor part time at a local school.

Our Travels

We love to travel both, alone and with friends and family. We usually go on two to three trips a year, sometimes to explore and sometimes just to relax. Here are some photos from our trips!

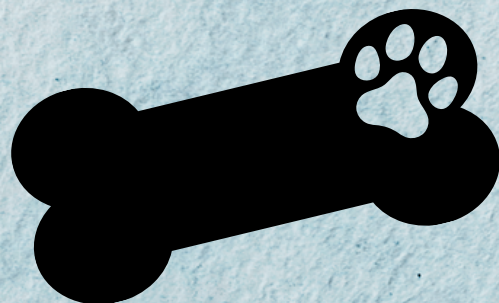

Our Home

OUR PETS

Our two lovely dogs. Reinhart is the older dog and is a volunteer from Kelly's family farm. He is super smart and the boss of the pair. He can be incredibly caring and attentive when he isn't busy lording his authority over Brahm. Brahm is the puppy and only about 1.5 years old. He is a lovable doofus, always ready to have fun and participate but with little understanding of what is happening.

Childcare and Education

After adopting, James plans to take a month off of work and Kelly plans to take 3-4 months off. Then Kelly will either stay as a full time mom or work a couple half days a week with grandma babysitting, depending on what the baby needs.

Kelly plans to do all of the preschool education. When they are old enough we will send them to a private Catholic school in our area. We plan to make sure they have a diverse education including the arts, academics, sports, and outdoorsmanship.

Openness

We want your child to grow up knowing their story. Our plan is to tell them they are adopted from birth and to ensure they know of the sacrifice you made for them. They will grow up knowing where they came from and that they are loved.

We will be supportive of any of your boundaries and recognize that plans and relationships will change over time. Our plan is to send letters and photos and to arrange for planned visits.

THANK YOU!

Thank you for taking the time to read through our book as you consider adoption for your child. In these pages we have given you a look into our family and into our lives. We will be praying for you as you make this difficult decision. If you choose us we look forward to meeting you and to the future.
